

EXCELERATE™ 300

PRODUCT DESCRIPTION

Exelerate™ 300 is a heavy-duty liquid alkaline detergent for CIP cleaning in the dairy industry.

BENEFITS

Promotes Quality Assurance

- Enhances finished product quality and shelf life when used in conjunction with Exelerate 320.
- Maintains effectiveness even during high temperature recirculation and spray cleaning.

Promotes Increased Production Time

- When used with Exelerate 320, promotes faster cleaning by reducing the need for acid washing.
- Special, low-foaming surfactants provide fast soil penetration and emulsification to speed cleaning applications.
- Highly concentrated to provide optimal use-cost performance.
- High level of active alkalinity for economical use-cost at recommended use dilutions.
- Noncorrosive to stainless steel at recommended use dilutions to help protect equipment investment.

Promotes Environmental Responsibility

- Contains no phosphorus.
