

SCRUB N GO® Floor Scrubber Vac System

CLEANER. FASTER. SAFER. The Scrub N Go® Floor Scrubber Vac System cuts through the toughest ground-in dirt and grime on hard-surface floors. It scrubs deep into grout lines and tile, producing cleaning results that can't be beat with mopping or deck brushing.

Even the best mopping "intentions" leave some dirt, grime and grease deposits behind. In a single pass, the Scrub N Go System eliminates the time and toil of traditional floor cleaning. Its quick setup and efficient cleaning delivers 63% time savings versus wet mopping.*

DRY FLOORS = SAFER FLOORS. Wet mopping can leave a floor damp for 15 minutes or longer. The Scrub N Go System drastically shortens drying time, reducing the risk of slips and falls. Its performance has earned it a certification from the National Floor Safety Institute.**

THE PERFECT FIT - AMAZING RESULTS

The cordless, compact design is appropriately sized for its environment. An adjustable handle makes it easy to maneuver into tight spots and is designed so all of your crew members can use it. The Scrub N Go System can deliver stunning before and after results – you will immediately see the difference and your customers will too.

THE SCRUB N GO ADVANTAGE – CLEANER, SAFER FLOORS

The Scrub N Go Floor Scrubber Vac System takes a tough task and makes it easy – in less time.

- ▲ Easy set up
- ▲ Immediate cleaning results
- ▲ Faster drying times

2010 Award
Presented by the National
Restaurant Association,
Hotel-Motel Show

*Based on 2005 Official ISSA 447 Cleaning Times, adjusted to compare 15" scrubber vs. 16 oz. wet mop.

**When used with KAY® floor care products.

Note: The Scrub N Go System is not designed for outdoor use.

SCRUB N GO® Floor Scrubber Vac System

- ▲ Designed specifically for the challenges of quick service restaurants.
- ▲ Cleans dirty floors better and faster than a mop and bucket.
- ▲ Scrubs hard surfaces to remove embedded soil from tile and grout lines.
- ▲ Dispenses fresh product with each use. Immediately vacuums up used solution and soil, preventing redeposit.
- ▲ Shortens drying time, reducing the danger of slip-and-fall accidents.
- ▲ Reduces the need to deck brush.
- ▲ Ergonomic – designed to be used by workers of any size or age with ease.
- ▲ Zero-turn radius and adjustable handle allows for cleaning in tight areas, such as under tables, chairs and around equipment.
- ▲ Does not replace sweeping and spot mopping.
- ▲ Not designed for outdoor use.

One pass with Scrub N Go

USE DIRECTIONS:

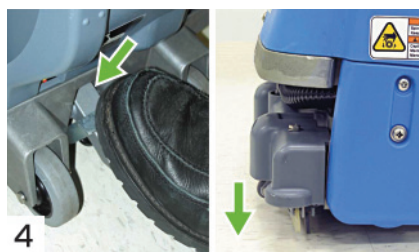

1 Fill solution tank with floor cleaner.

2 Lower handles.

3 Turn power on.

4 Lower scrubhead.

5 Pull triggers. Clean floors.
