The Clear Choice for Total Managed Water Quality

WATER QUALITY BENEFITS YOUR BOTTOM LINE.

- **Improve Operational Efficiency**
  - Increase equipment life and performance
  - Reduce expensive service calls and downtime
  - Help control energy consumption

- **Ensure Guest Satisfaction**
  - Improve taste and appearance of beverages
  - Reduce unpleasant odors
  - Prevent inferior carbonation and flat beverages

- **Increase Sustainability**
  - Help control energy consumption
  - Reduce water consumption
  - Reduce landfill waste As compared to bottled water

- **Maintain Food Safety**
  - Keep businesses running smoothly and safely
  - Help protect against leading causes of waterborne disease
  - Promote proper cooking temperatures

- **WATER SOFTENERS**
  - **Twin Tank Configuration** provides continuous supply of soft water
  - **Volume-Based** **Metered Regeneration** optimizes salt and water use
  - **Non-Electric Design** simplifies installation and increases dependability
  - **Integrated Bypass** enables uninterrupted service during maintenance

- **LOW SALT DOSAGE** compared to industry norm, which reduces salt expense

- **Flexible Filtration Systems** available for different capacities and applications

- **Available with Scale Control** to reduce scale formation

For smaller applications consider the ECO-350

- **TWIN TANK CONFIGURATION** provides continuous supply of soft water
- **VOLUME-BASED METERED REGENERATION** optimizes salt and water use
- **NON-ELECTRIC DESIGN** simplifies installation and increases dependability
- **INTEGRATED BYPASS** enables uninterrupted service during maintenance
- **LOW SALT DOSAGE** compared to industry norm, which reduces salt expense

**WATER QUALITY BENEFITS YOUR BOTTOM LINE.**

- **Patented Hollow Carbon Technology** removes chlorine, chloramines, and ultra-fine particles in a single cartridge
- **High Dirt Holding Capacity** reduces need for pre-filtration
- **Low Pressure Drop** optimizes equipment performance
- **Sanitary, Quick Change** design decreases downtime and risk of contamination during replacement

**The standard of innovation**

Ecolab’s unmatched service is paired with innovative products designed to deliver total water quality. As part of our managed water program, expert service specialists will help you choose the solution best suited to protect your operation and your customers.

WATER QUALITY BENEFITS YOUR BOTTOM LINE.
Enhance performance across your operation.

Keep your water clean and safe with solutions and products designed for every aspect of your operation. From cooking to cleaning applications, Ecolab helps protect your business from water quality issues.

Water program customized to fit your needs

- Complete on-site water quality tests
- Technical water analysis at Ecolab labs as needed
- Full review of water impact on your business

The right water program for your business

- High-quality water products
- Regular maintenance programs
- Continued water analysis

More than just products

- Water quality program installations
- Regular Ecolab service visits at no extra cost

Continued delivery of high-quality results

- Timely filter replacements
- Continued water analysis/monthly visits
- Program adjustments based on changing needs (e.g., area construction, seasonal changes, municipality treatment adjustments)

ICE MACHINE

Q U A L I T Y W A T E R, Q U A L I T Y I C E.

- Prevent scale buildup and corrosion
- Minimize downtime and energy consumption
- Reduce expensive service calls
- Improve clarity of ice

RECOMMENDED PRODUCTS
- High Capacity Filtration With Scale Control
- ECO-350S Filter With Scale Control
- ION Exchange Filtration

BEVERAGE AND POST MIX

B E T T E R T A S T E W I T H O U T T H E W A S T E.

- Deliver consistent beverage quality
- Reduce downtime
- Improve taste and clarity while removing odor
- Ensure proper carbonation and efficient syrup ratios
- Eliminate costly bottled water and related waste
- Protect expensive carbonators

RECOMMENDED PRODUCTS
- High Capacity Filtration

STEAMERS

P R O T E C T Y O U R I N V E S T M E N T.

- Keep heating elements free of scale
- Reduce maintenance, service calls and heating element burnout
- Reduce steam downtime

RECOMMENDED PRODUCTS
- High Capacity Filtration With Scale Control
- ECO-350S Filter With Scale Control
- ION Exchange Filtration

DISH MACHINES

I M P R O V E R E S U L T S.

- Deliver one-pass warewashing with improved results
- Prevent spotting, streaking and filming on glassware and flatware
- Reduce energy costs with improved heat transfer

RECOMMENDED PRODUCT
- Water Softener

With Ecolab’s Water Program, you get expert service and peace of mind.
