compared to industry norm, which reduces salt expense

# The Clear Choice for Total Managed Water Quality

Water Quality Solutions

370 WABASHA STREET N, ST. PAUL, MN 55102

# WHAT'S IN YOUR WATER?

From customer experience to maintenance costs, water impacts all aspects of your business. Several factors can threaten your water quality throughout your operations.

Ecolab offers solutions that can protect that water quality and, ultimately, your business.

- CHLORINE/CHLORAMINES oduces an off taste and corrodes equipment
- **CARBON FILTRATION**

Clouds beverages, damages equipment

- PHYSICAL FILTRATION
- MICROORGANISMS
- **✓** ADVANCED PHYSICAL FILTRATION
- TOTAL DISSOLVED SOLIDS (TDS) Causes equipment downtime
- CHEMICAL CONDITIONING
- HARD WATER MINERALS Leads to equipment downtime
- **CHEMICAL CONDITIONING**

With Ecolab's Water Program, you get expert service and peace of mind.

# Enhance performance across your operation.

Keep your water clean and safe with solutions and products designed for every aspect of your operation. From cooking to cleaning applications, Ecolab helps protect your business from water quality issues.

# Water program customized to fit your needs

Complete on-site water quality tests

Technical water analysis at Ecolab labs as needed

Full review of water impact on your business

# The right water program for your business

High-quality water products

Regular maintenance

Continued water analysis

# More than just products

Water quality program installation\*

Regular Ecolab service visits at no extra cost

# Continued delivery of high-

Timely filter replacements

quality results

Continued water analysis-monthly visits

Program adjustments based on changing needs (e.g., area construction, seasonal changes, municipality

treatment adjustments)

programs

# RECOMMENDED PRODUCTS → High Capacity Filtration With Scale Control ▼ ECO-350S Filter With Scale Control

RECOMMENDED PRODUCT

✓ High Capacity Filtration

# **ICE MACHINE**

QUALITY WATER, QUALITY ICE.

Prevent scale buildup and corrosion

and odors

Minimize downtime and energy consumption

Reduce expensive service calls

# Reduce off taste

Improve clarity

# **BEVERAGE AND POST MIX**

BETTER TASTE WITHOUT THE WASTE.

**Deliver** consistent beverage quality

Improve taste and clarity while removing odor

Reduce downtime

Ensure proper carbonation and efficient syrup ratios

Eliminate costly bottled water and related waste

Protect expensive carbonators

### RECOMMENDED PRODUCTS

- ✓ High Capacity Filtration With Scale Control
- ✓ ECO-350S Filter With Scale Control
- ✓ ION Exchange Filtration

RECOMMENDED PRODUCTS

✓ ION Exchange Filtration

RECOMMENDED PRODUCT

Water Softener

# **SPECIALTY BEVERAGES**

THE FOUNDATION OF GREAT FLAVOR.

Boost overall beverage quality Reduce downtime and energy consumption

Reduce bitter taste in coffee Enable correct brewing temperatures

Improve clarity of teas and other beverages

Increase profits with better holding time

✓ High Capacity Filtration With Scale Control

Reduce maintenance, service calls and heating element burnout

Reduce streamer downtime

# **STEAMERS** PROTECT YOUR INVESTMENT.

Keep heating elements free of scale

Minimize corrosion and pitting due to chlorine

Reduce energy

consumption

# **DISH MACHINES IMPROVE RESULTS.**

Deliver one-pass warewashing

with improved results

Prevent spotting, streaking and filming on glassware and flatware

Reduce energy costs with improved heat transfer

Reduce maintenance

Increase lifespan

of equipment

and deliming costs
