

Patient and Consumer Safety Starts in the Laundry

# ProTEX PLUS for Healthcare and Food Processing

## The Complete Laundry Protection Program

Your customers rely on you, as an extension of their team, to help protect their operation. Your customers worry about protecting their customers, reducing the chance of cross-contamination and maintaining their brand.

How can you help? By providing clean and safe laundry.

### SAFER PROCESS

Our program provides comprehensive solutions to achieve the best cleaning and safety results for your customers. Our exclusive chemistry kills common pathogens and will help protect patients from hospital associated illness (HAIs) and consumers from foodborne illness.

### SMARTER PROTECTION

#### Achieve Compliance and Certification

We understand the industry trends and regulatory environment, and develop products and programs based on many of these needs.

### HIGHER PROFITS

#### Grow Your Business

Your Customers are our Customers. We have been providing cleaning and disinfection solutions to this industry for many years. Your customers, and prospective customers, will have peace of mind knowing that you partner with Ecolab, one of their trusted providers.

# ProTEX PLUS

## TRIPLE PROTECTION

### IN THE WASH

#### Linen Disinfection

##### AdvaCare™ Disinfectant

EPA Reg 1677-193

The most comprehensive EPA Registered laundry concentrate available for textiles.

- ▲ Proven **COMPLETE KILL** against twelve common microorganisms
- ▲ Helps prevent cross-contamination in wash water
- ▲ Provides powerful stain removal
- ▲ Effectively disinfects at 140°F for 5 minutes

### AROUND THE WASH

#### Facility Disinfection

##### 14 Plus Antibacterial All Purpose Cleaner

EPA Reg 6836-349-1677

Clean surfaces promote clean linens and help prevent cross-contamination.

- ▲ Stops bacteria with one-step cleaning, disinfecting and deodorizing
- ▲ Saves time: up to 1/3 of the time it takes other products to disinfect - 3 minutes
- ▲ For use on conveyors, outside of machines, storage shelves, **CART WASH, TRUCK WASH**, walls and bathrooms

#### Hand Hygiene

Clean hands will help prevent the spread of harmful pathogens to and from surrounding surfaces. Help ensure proper hand hygiene with:

- ▲ Hand soap stations available and visible throughout the plant
- ▲ Hand soap stations in restrooms
- ▲ Hand sanitizer stations that are visible and easily accessed

### BEYOND THE WASH

#### Residual Protection

A Residual Bacteriostatic for healthcare linen helps inhibit the growth of new and existing bacteria and is effective against gram negative and/or gram positive odor causing bacteria.

##### FABRISTAT

- ▲ Typically for washer extractions
- ▲ Residual self-sanitizer

##### AdvaCare™ Residual Bacstat

- ▲ For tunnel and washer extractors

#### Our Integrated Approach

Ecolab is unmatched in how we collaborate and integrate our expertise and resources. Our people are experts at identifying opportunities and solutions driving the development of our complete laundry protection program.
