LIQUID CHEMISTRY

Liquid Laundry Program

ECOLAB[®]
Everywhere It Matters.™

Solving Your Biggest Laundry Challenges

Your guests expect clean sheets, towels and linens. But keeping them that way can be challenging and time-consuming for your staff.

The Ecolab Liquid Laundry Program features **powerful liquid chemistry** that removes stains and streamlines your laundry process.

Reasons for Discarded Linens

Wear and Tear Isn't the Problem. **It's Stains.**

- 86% of linens are discarded due to stains, compared to only 5% for wear and tear.
- Our **high-powered, alkaline detergents remove stains** and increase whiteness the first time, every time.

Introducing Laundry Detergent Ultra and Plus

Our easy-to-use detergents are designed to tackle your toughest stains, leaving linens clean, white, soft and fresh.

ULTRA

Our most advanced built detergent that **targets your toughest stains** and **excels in all water conditions**

- ✓ Premium stain-fighting product that eliminates a wide variety of stains
- ✓ Treats hard water and improves linen whiteness
- ✓ Light, pleasant fragrance

PLUS

Powerful built detergent that **breaks up tough stains**

- ✓ Targets cosmetic stains and oily soils
- ✓ Dye- and fragrance-free

“You see that table there? That’s usually full of linens that need to be rewashed. This product has greatly reduced our need for rewash.”

Laundry operator, California

“This product made my linens whiter and softer, and I saw it reflected in my scores.”

Housekeeping manager, Alabama
