CID LINES, An Ecolab Company

**CID LINES**  
An Ecolab Company

# Our purpose

We partner to make  
the **world cleaner**,  
**safer** and **healthier** –  
helping customers succeed  
while protecting people and  
the resources vital to life.

For more than  
100 years,  
we have been leading  
with purpose and  
pursuing bold new  
ideas to create a  
more sustainable  
future.

**48,000**  
associates

**40**  
industries

**170+**  
countries

**1,600+**  
scientists

# In 2024, Ecolab delivered value & impact by partnering with customers

## Water

to help save

**226 billion**

gallons of water

## Climate

to help avoid

**4.6 million**

metric tons of CO<sub>2</sub>e

## Food

to help protect

**1.7 billion**

people from foodborne illnesses and infections

## Value

to help achieve

**\$9.1 billion**

in cumulative customer value

2024 target

2030

**300 billion**

gallons of water saved  
(~1.1 billion m<sup>3</sup>)

2024 target

2030

**6 million**

metric tons of CO<sub>2</sub>e  
avoided

2024 target

2030

**2 billion**

people protected

2024 target

2030

**\$18 billion**

value delivered  
to customers

FAMILY

GROCCERS & RESTAURANTS

# Contribute to Sustainable Production

- Impact of animal diseases
- Animal welfare standards
- Antimicrobials use reduction
- Address Food Safety
- Safety First: zero incidents
- DE&I: 35% gender & 25% racial diversity in management
- Minimize Environmental Footprint
- Resource Efficiency
- Sustainable Solutions

# Excellence for Success

## Value driven

- Animal health & performance
- Antimicrobial reduction
- Operational efficiency

## Science-base

- Strategic Partnerships with KOLs & Universities
- Referenced by Scientific publications
- Field validation of technologies, equipment & systems

## Best-in-class

- Innovative, reliable & compliance
- New sustainable solutions
- Excels in performance

# Our Poultry Value Commitment

Safeguard animals from **diseases**, ensure **food safety** and lower **antimicrobials** use

Maximize farm **productivity**, improve **meat quality** production and animal **welfare**

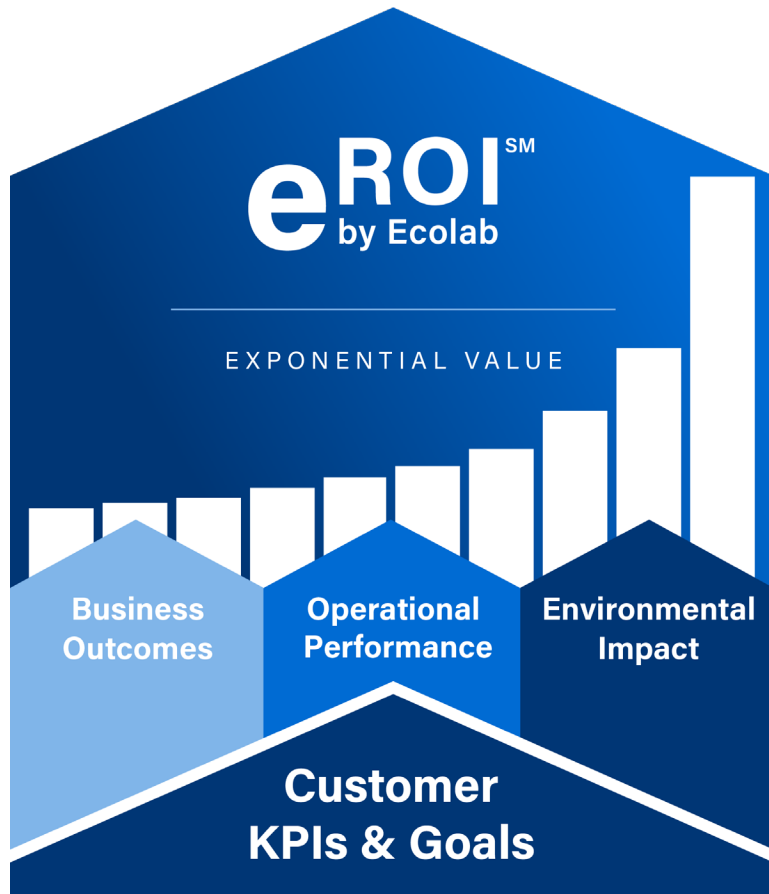

Providing best-in-class, science-based and value driven **biosecurity sustainable solutions** for hatcheries, farms, feed mills & animal transport vehicles

# Program Offering

- **HATCHERIES & BARNS HYGIENE**
- **WATER SANITATION**
- **LIVESTOCK TRANSPORT HYGIENE**
- **PERSONAL HYGIENE**
- **PEST CONTROL**

# Bringing Value to Poultry Industry

## Food Safety for table egg and meat producers

- Pullets: **no Salmonella presence** to end of rearing period
- Breeders: **≥95% reduction** salmonella prevalence
- Broiler carcasses: **67% reduction** salmonella prevalence

## Performance and healthy status

- Up to **20%** broiler mortality reduction
- **+ 19 g** body weight gain by chicken
- Improved laying **-3,17%** FCR
- Egg performance: **+ 2,81%** egg weight

## Operational Efficiency: time and water waste

- **30%** water use reduction
- **24%** time reduction
