

Klerwipe™ Sealed Edge Knitted Dry Wipes

General purpose cleanroom wipe. Ultrasonically sealed edge wipe is 100% knitted polyester and laundered and packaged in an ISO Class 4 cleanroom. Recommended for use in ISO Class 3 and above environments.

The validated sterile version of this wipe is excellent for cleaning applications during aseptic processing activity including Engineering Controls (PEC) such as laminar air hoods, biological safety cabinets and compounding aseptic isolators where sterility of end product must be assured.

Knitted

FEATURES

- Soft hand and edge for sensitive surfaces, abrasion resistant
- Low particle and fiber generation, high level of cleanliness
- Chemically compatible with disinfectants and cleaning solutions
- Sterile version available
- Sealed edge, cleanroom laundered, knitted wipes offer higher purity and durability compared to nonwoven wipes

Validated Sterile

FEATURES

- Gamma irradiated to a 10⁻⁶ Sterility Assurance Level (SAL)
- Certificates of Sterility available
 - Expiration date
 - Radiation dosage
 - Lot information
 - Meets cGMP requirements for traceability
- Double bagged
- Header style packaging
- Package Integrity testing
