I CHOOSE ECOLAB.

“Because my reputation matters.”
PROTECTING What Matters

“Ecolab understands how important it is to keep pests out of my restaurant.”

Effective pest elimination helps protect the things that matter most to your success.

**GUEST SATISFACTION**
- Provide a clean, pest-free experience to every guest

**REPUTATION**
- Protect your personal and professional image

**FOOD SAFETY**
- Avoid negative publicity from a pest-related food safety incident

**PROFITABILITY**
- Control costs and get the most value for each dollar spent

**HEALTH INSPECTIONS**
- Comply with pest and sanitary regulations

**SUSTAINABLE SOLUTIONS**
- Demonstrate good environmental stewardship in your community
GUARDIAN PLUS™ by Ecolab

A NEW PROGRAM for More Complete Protection

As the global leader in cleaning, food safety and pest elimination, Ecolab specializes in protecting the places where people eat, sleep, work, play and heal. You can trust us to always be there, Everywhere It Matters, bringing you more protection than any pest service provider in the industry.

MORE EFFECTIVE PEST ELIMINATION
- Science-based, proprietary service protocols deliver improved results

MORE VALUE FOR YOUR MONEY
- New bundle program covers the most common pests you face: rodents, cockroaches, small flies and ants

MORE SUSTAINABLE SOLUTIONS
- Most effective non-chemical solutions and technologies help improve safety and prevent pests

“I know Ecolab will get the job done right and that’s worth a lot.”
Comprehensive Coverage. PROVEN RESULTS.

What's included:

**RATS AND MICE**
- Sneak in through gaps around pipes and conduits, or under service doors
- Damage your structures, inventory and brand image
- Spread disease and contaminate food supplies

_Ecolab Service Specialists regularly inspect for structural issues and follow an outside-in approach to keep rodents out._

**COCKROACHES**
- Harbor and breed in the tiniest cracks and crevices
- One pair can infest your restaurant with over 1 million offspring in less than a year

_Ecolab's proven process flushes out and quickly kills cockroaches then treats harborage sites to keep them from coming back._

**SMALL FLIES**
- Feast near soda fountains and breed in drains
- Lay up to 100 eggs per day, quickly overtaking your operation
- Contaminate food inventory

_Ecolab eliminates existing populations, treats their habitats, and provides structural and sanitation consultations to keep infestations at bay._

**ANTS**
- Rapidly reproduce and expand into colonies
- Lay down a scent, attracting other ants to flock to the food source

_Your Service Specialist is trained to determine species, locate nests, and apply the best solution to eliminate ants._

**LARGE FLY**
- Flies breed around dumpsters, and then enter through doors and windows
- One housefly can carry 1.9 million bacteria

_Exterior treatments and use of discreet, patented solutions help keep flies out of your restaurant._

Additional Program Options:

**TERMITE**
- Recommendations on sanitation and structure issues conducive to pests and action-driven reporting after each and every service visit.

**ODOR EXCLUSION**
- Recommendations on sanitation and structure issues conducive to pests and action-driven reporting after each and every service visit.

**GUARDIANPLUS™ by Ecolab**
One program to protect you against more pests.
Supporting Your Success
EVERYWHERE IT MATTERS

Ecolab is always there, helping our customers at each and every location.

BE CLEAN AND SECURE
We help protect your reputation with more effective pest elimination to help you create a positive environment for employees and guests.

▶ Focus on eliminating, not just managing pest activity
▶ Expertise to prevent pests from jeopardizing food safety

PERFORM WELL
Our scientifically proven protocols, consistently delivered by highly trained Service Specialists, bring you more value for your money.

▶ Prevent costly damage through regular inspection, treatment and monitoring
▶ Address issues before pest problems occur with action-driven reporting and regular, personal communication
▶ Keep pests top of mind with professional training materials and on-site education by Ecolab

MAKE THE WORLD BETTER
We help protect the environment through continuous innovation to provide more sustainable solutions that reduce your total impact.

▶ In-house research, development and testing to introduce reduced-risk and low-impact solutions with improved efficacy
▶ Reduced product use by applying the most effective, proven chemistries with longer-lasting residual
Ecolab Pest Elimination is an industry leader in commercial pest elimination. Our proactive pest elimination program is specifically designed for Full Service Restaurants and proven to be effective in restaurants nationwide.
