

FURNITURE PRESERVATION SERVICE

Vapor Treatment with Mattress Encasement

Preserve Your Mattress & Box Spring with this Exclusive, Fast and Effective Service

FAST RESPONSE

Every Ecolab Service Specialist has the necessary tools for immediate treatment of your mattress and box spring.

EFFECTIVE, TWO-PART PROCESS

STEP 1: BOX SPRING TREATMENT

Vapor-based treatment includes a plant-based biopesticide, kills all stages of bed bugs in box springs.

STEP 2: MATTRESS ENCASEMENT

In addition to a product application, a mattress enclosure is installed to protect the mattress from future bed bug activity.

Saves Time & Labor. Lowers Costs. Protects Your Reputation.

✓ FAST RECOVERY

Following service, the room can be reopened in as little as 24-hours.

✓ SAFE FOR STAFF & GUESTS

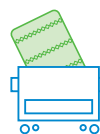

Non-toxic, natural essential oil treatment approved by the EPA.

✓ LOWERS COSTS

Protect Your Investment

A BED BUG SERVICE DESIGNED TO PRESERVE YOUR MATTRESSES & BOX SPRINGS

The aftermath of a bed bug incident can be costly & time-consuming:

MATTRESS DISPOSAL

34%

MATTRESS & BOX SPRING REPLACEMENT

More than a third of an infestation expense can be attributed to furniture replacement alone (independent Ecolab data)

LOST REVENUE

while waiting to get the room back to being occupancy-ready

An Effective, **Two-Part Process** that Eliminates Bed Bugs and Protects Your Investment

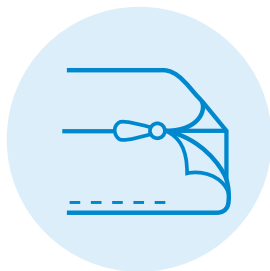

STEP 1: Box Spring Treatment

The vapor-based treatment uses cold-pressed neem oil, a non-toxic, EPA-approved natural oil that kills bed bugs in all stages.

TREATED ROOMS can be reopened in as little as 24-hours after an incident without the need to replace furniture, risk guest safety or reserve large, expensive equipment.

INCLUDES A 90-DAY GUARANTEE against bed bug recurrence in the infested room.

STEP 2: Mattress Encasement

Protect your mattress from future bed bug infestations with this highly effective mattress encasement available in common and unique sizes.

STRETCH SIDEWALLS for a perfect fit. Stretchy sidewalls expand and contract – wrinkle-free, without any slack – to fit a wide range of mattress depths for a smooth, undetectable sleep experience.

PATENTED ZIP-N-CLICK™ zipper for maximum protection.

This mattress encasement is the only fully integrated, self-locking zipper protector that prevents bed bug entry.

COMFORTABLE, BREATHABLE MATERIALS – Designed to ensure a cool, soft and noiseless sleep surface.

PROTECTION FROM COMMON ALLERGENS – MicronOne™ allergen barrier fabric delivers protection from nighttime allergens like dust mites, mold spore and pet dander.
